

# YUKIE KUSHIBIKI

## UI DEVELOPER & 3D MODELER

### Hi, there!

I create clear user interfaces and have a knack for 3D environments. I constantly yearn for opportunity and am often found in the depth of a search engine. I believe in continuous learning and would make a great candidate on your team!

WPM: 91

### EXPERIENCE

**AudioDrops** / Oct. 2018- May 2019

*UX Researcher / 3D Artist Intern*

Developing 3D asset concepts and ensuring great user experience to be deployed for an augmented reality, music-streaming application. The created concepts were able to be displayed on the map for user interaction.

**Mine Avoiders** / Jan. 2017 - May 2017

*Researcher / 2D Artist*

UV unwrapping 3D assets to be textured, developing presentation requirements and guidelines for student work to be graded, and researched for a factually-sound mobile game for the use of grade school students in Bosnia.

**designVR** / Dec. 2017 - Mar. 2017

*Freelance 3D Artist*

3D modeling high and low poly assets to present a comfortable virtual experience for users, creating a deliverable in Unity for employers, and developing lighting in the 3D environment.

**PetSmart** / Sept. 2018 - current

*Associate*

Boosting our in-store conversion rate, units-per-transaction, and sales by assisting pet parents to their desired product. Educating future pet parents on proper quality care for their future fur friends.

### VOLUNTEER

**Digital Media Group** / Sept. 2017 - May 2018

*Treasurer / Event Coordinator*

In charge of authorizing financial actions, planning and coordinating guest Skype call lectures for aspiring students, and the face of receiving equipment grants.

**SIGGRAPH 2017** / July 2018 - Aug. 2018

*Student Volunteer*

Enforcing regulations on recorded media during new releases, assisting business conference tables, and overseeing entrances into private lecture sessions for 25 hours over a 7-day period.
